

2024 EWTA MEMBERSHIP

The benefits of the Engineered Wood Technology Association (EWTA) membership are many. Among them:

Valuable Networking

▪ Info Fair

The supplier exhibition is held in conjunction with the APA annual meeting and provides EWTA members direct business-to-business links with your customers in the engineered wood products industry. Attendance is restricted to APA and EWTA members, providing opportunities to build long-term relationships and communicate with current and potential customers.

Be involved through:

- Exhibit and Sponsorship opportunities
- Face to face meetings with industry executives from APA member companies
- Networking opportunities (exhibits, receptions, golf, tennis, meals and meetings)

▪ Supplier Awards Program

The EWTA Supplier Awards Program is designed to recognize EWTA member companies that excel in serving their APA member manufacturer customers and in developing innovative solutions to processing problems and challenges.

▪ *Supplier of the Year*

Each year the program honors one EWTA member company from each of three categories:

Consulting/Services

Equipment/Tooling

Materials/ Supplies

▪ *Innovation of the Year Award*

One company is chosen by APA members for a new product or service that has demonstrated a positive impact in the field.

The 2024 EWTA Info Fair is scheduled for Sept. 28-Oct. 1 at the JW Marriott San Antonio High Desert Resort & Spa in San Antonio, Texas.

Market Research and Publications

▪ EWTA members receive the following:

- Market Research Reports (\$1,150 for non-members)
- Monthly Housing Starts Report (\$600 annual subscription rate for non-members)
- Quarterly Production Report (\$300 annual subscription rate for non-members)
- Structural Panel & Engineered Wood Yearbook (\$300 for non-members)
- APA Management Report e-newsletter
- APA publications are available for free or at a discount to our members when ordered through the EWTA office. For more on APA Publications, visit www.apawood.org/resource-library.
